

GO RECRUIT IS AN AI RECRUITMENT SYSTEM BASED ON BLOCKCHAIN TECHNOLOGY. THE ONLINE SERVICE RATES JOB CANDIDATES FOR VARIOUS POSITIONS BY ANALYZING DATA FROM PUBLICLY AVAILABLE SOURCES AND SOCIAL NETWORKS.

Blockchain technology ensures that candidates' data are secure and available on request. Moreover, it is used as a basis for the development of our own payment system. Blockchain technology is implemented for creating a unique ecosystem for the GRT token.

The GRT token is a means of payment for candidate rating within the service. Initial token value is equivalent to the value of one candidate's rating. Prices for services will be fixed in fiat currency, however the cost measured in GRT tokens will always be lower. It will stimulate the demand for GRT tokens over time.
